

"PROSTATE CANCER, ATRIAL FIBRILLATION AND SHINGLES"

Patient Information Evening

25th February 2019

	Yes	No	Not sure	Other comment
As a result of this evening do you have a better awareness of these topics?	61			
Do you know what options are available to you if you have concerns?	57	1	3	Better presentation this time - possibly due to photographs I will talk to my doctor Very informative talk Limited at 86 years especially for prostate Very good subject / matter / info Well informed Getting shingle injection when 70 next month AF & prostate cancer not clear what tests or not are available or worthwhile Want to know more about what I can do to prevent & lower risk of prostate cancer
Are there any other areas that you would like information on?			44	Peripheral Neuropathy - symptoms / causes / treatment Joint problems - knees and hips Polymyalgia Sepsis - is major concern TBA Prolapses Effect of hip operation on well being Skin cancer Flu vaccine, pneumonia vaccine, advice on vaccine in general Arthritis Dementia Alcohol and its effect on organs ... Dementia, Parkinson disease and pneumonia Deteriorating lining of vagina in older women - treatments? Pros and cons? Headaches, migraines Angina Chronic kidney disease CT or MRI? What decides?
Our Patient Group meets with the Practice throughout the year to discuss ongoing plans, issues and matters of interest. Do you have any concerns or areas for improvement regarding the practice and the services we offer?			55	Dementia 1st and 3rd talks were fine and informative. 2nd one, far too long; too waffly and sounds like he wanted to talk about himself far too much Unfortunately, the prostate presentation was not up to standard Gents toilet water pressure set too low - takes ages to refill What is your policy and practice when deciding whether to run a PSA test? What are plans to reduce time to see a doctor? Already attend, very worthwhile
